Weekly Newsletter

Issue 202: Monday 18th November 2019

Message from Mike Hartnell, Headteacher

I would like to start this week by sharing a positive that was sent into the school by a member of the public, this week:

'Two of your students boarded the bus I was on yesterday, one took his hand out of his pocket resulting in him dropping a small piece of tissue which he immediately picked up, the other picked up something and handed it back to a passenger who dropped it as they sat down. How lovely, students should feel proud, a credit to the uniform they were wearing.'

We have carried out a number of monitoring visits this week. We have looked at the quality of teaching and learning, work scrutyns and an analysis of the recent data. We have definitely seen an improvement in the quality of written work our students are producing! It was fantastic to see the quality and depth of student knowledge in books! Really impressive! This was also evident in lesson observations – I have seen some fantastic use of language in lesson, some brilliant acting out of Frankenstein and some real understanding being demonstrated.

Finally, I am pleased to inform you that Warblington School will be part of an Education Endowment Foundation (EEF) National Science project. This will involve many Year 8 students and will form part of a national study of the best ways to start a science lesson to ensure students make good progress. We look forward to the results of this study once it has completed.

Have a good weekend!

Year 10 Choices Performance & Mock Interview Day

Last week, Warblington welcomed Soloman Theatre company to deliver a performance about Choices to our Year 10 students. The performance was very well received by all, and extremely informative. The presentation backed up workshops delivered by Havant and Southdowns College on post 16 courses and apprenticeships.

On Tuesday 3rd December, all Year 10 students will have the opportunity to have a mock interview with a local employer, in preparation for their work experience and potential applications to their post 16 options.

Warblington are always looking for ex pupils, parents or other interested parties who would be willing to share their career journey, which could potentially inspire our current pupils. If you think you have an interesting career journey then please get in touch!

Mrs Fletcher, Careers Leader

Warblington School Alumni

Are you an ex-student of Warblington School?

We would like to find out what our ex-students have left school to go on to and use this information to create inspirational posters for our current students.

What year did you leave?

What tutor were you in?

Did you participate in any other school related activities? e.g. sports, drama productions etc.

What were your GCSE results (particularly Maths, English & Science)?

What did you do in the first 2 years after school? e.g. college, apprenticeship etc.

If you completed further qualifications, where did you study, what were they and what were the results?

Please could you write a few sentences about what you are doing now and if you have any plans for the future.

Do you have any wise words to our current students in school?

Do you have a recent picture of yourself at work?

Please email l.fletcher@warblingtonschool.co.uk In the first instance, and I will forward you a form to complete! Thank you!

Winter Illness

It's that time of year again so lets try and stop norovirus in its tracks this winter.
Here is some helpful information from Public Health England.

Public Health
England

Stop norovirus spreading this winter

Norovirus, sometimes known as the 'winter vomiting bug', is the **most common stomach bug** in the UK, affecting people of all ages. It is **highly contagious** and is transmitted by contact with contaminated surfaces, an infected person, or consumption of contaminated food or water.

The symptoms of norovirus are very distinctive – people often report a sudden onset of **nausea** followed by **projectile vomiting and watery diarrhoea**.

Good hand hygiene is important to stop the spread of the virus.

People are advised to:

- Wash their hands thoroughly using soap and water and drying them after using the toilet, before preparing food and eating
- Not rely on alcohol gels as these do not kill the virus

An infection with norovirus is self-limiting and most people will make a full recovery in 1-2 days. It is important to keep hydrated – especially children and the elderly.

Do not visit either A&E or GPs with symptoms as this may spread the virus.

Further information and advice is available from NHS 111, including an online symptom checker at [nhs.uk](https://www.nhs.uk).
