Dear Parent/Carer

Coronavirus Advice

Whilst as a country we are trying to ensure the coronavirus spreads as little as possible, we are sending you this current advice from Public Health England, which we are also displaying around school site.

I would like to reassure you that we have no known cases and that currently we are following guidelines set for educational settings. This information changes daily, and if we receive any updates or need to change our current practice, we will communicate this with you.

We are asking all students to wash their hands before leaving home and arriving home, as well as before eating and during break and lunch.

Visitors to the school will be asked to use hand gel on entrance to the site.

Thank you for your continued support.

Yours sincerely
