# getting to know you

What ingredients would you put into a recipe for friendship?

# getting Organised

How organised are you?

In the morning before school, you wake up to:

- ★ the sound of your alarm clock which you set the night before
- ★ **the sound of your family getting up- it's usually about the right time**
- ★ your mum yelling at you to get up or else you'll be late again

Your first lesson of the day is PE. You:

- ★ get changed quickly and start warming up
- ★ **change into your stinky kit which hasn't been washed for a while**
- ★ have to sit and watch because you forgot your kit

You are a member of a lunchtime club. You:

- ★ check your watch and turn up five minutes early
- ★ **wait for midday supervisors to remind you and turn up just in time**
- ★ were too busy with your mates, you missed the club altogether

You have some homework to complete. You:

- ★ write it in your homework diary, do it and hand it in on time
- ★ **write it on scrap paper, do it, then hand it in a day late**
- ★ forget to write it down, forget to do it, forget to hand it in

You've been invited to a party. You:

- ★ turn up on time together with a present and card
- ★ **call your friend to check where it is because you lost the invitation**
- ★ forget

★ **Mostly Blue**  
 Super organised!  
 You're usually on time  
 and in the right place!  
 Well done!

★ **Mostly Orange**  
 Need to improve!  
 Write a 'To Do' list then  
 decide which jobs are most  
 important and do them first!

★ **Mostly Purple**  
 Disorganised!  
 Use a diary and a watch!  
 Tidy up your desk/room/bag so  
 you know where things are!
