# Weekly Newsletter

Issue 226: Friday 17th July 2020

## Message from The Editor, Miss Barker

We made it! This is the last school newsletter for this school year and what a year it has been! You should all be very proud of yourselves with the way you have all coped with the lockdown and carried on the best you

can, this relates to students, parents and carers and staff. Well done to you all! You kept learning, working, teaching and supporting, and together we have made it through. I hope you all have a lovely summer holiday and have a well earned rest! Remember to keep up those skills you have learnt in lockdown and we look forward to welcoming you all back in September and our new Year 7 students too!

Aiden B Year 7 has been busy in his kitchen and getting crafty too, take a look at his creations below. The pillow was hand sewn! Amazing work Aiden! Well done!

## Key Dates for the Autumn Term

Friday 4th September	Start of Term for Year 7 & Year 11
Monday 7th September	Start of Term for Year 8, 9 & 10

## Sport & Exercise

The PE Department are continuing to showcase our staff sporting interests and exercise. This week the PE Department present... **Miss Uguen, MFL**

'I attend hula hoop classes once a week. It is great fun to learn to dance whilst hula hooping and trust me, its not as easy as it looks! I couldn't even hula hoop when I first started. It is nice to meet up with friends at the class too.'

## Class of 2021

**‘Supporting our senior students with messages of motivation!’**

### Message from your Head of Year

‘This week our Year 10 students have been in to visit their option subject teachers! It’s been lovely to be able to open our doors to our students and see them thrive in their option subjects with specialist teachers. We hope that the past few weeks has left the students feeling a little more confident about approaching their studies when they return to school full time in September. All subjects have uploaded a summer holidays activity/tasks homework that is available for students to complete if they wish to continue their studies during the summer.

Last week I set a challenge to see which tutor could have the most amount of log ins to GCSEPod and I would like to congratulate 10B who is the winner with the most amount of students to have logged in as well as signed up to GCSEPod! When we start back in September I will be running weekly competitions to celebrate individuals and tutors to try and engage our learning with the online platform.

I hope all of the Year 10s have a wonderful summer holidays, enjoying the sunshine and rest before our final big adventure of Year 11 begins in September!’ **Miss Blundell**

## It’s Transition Time!

Hampshire County Council has a brand new Transition Time webpage on the My Journey Website. Starting a new school is a big step for students and parents, not only in terms of education but also as it involves going to a new location with an often unfamiliar journey. This toolkit has been designed to support parents and students through the process of planning their new routes to school over the summer holidays and, as much as is possible, making them active, safe and sustainable. There are separate downloadable booklets for students starting in Year R, Year 3 and Year 7, with two brand new humorous and historical films to enjoy, commissioned especially for this project. There are also lots of ideas for follow-up activities and links to many fantastic resources to support active travel. The My Journey website also has lots of information for parents on the following:

- Social distancing on the school run
- Walking for wellbeing
- Cycling

### Message from 10E Tutor

‘What a very strange year this has been! I wanted to take this opportunity to tell you all how very much I have been missing you. I miss your smiling faces and interesting conversations, our little debates– and all of the gossip of course! I have been thinking of you all when I do my calm colouring. I have become a gardener (photos attached so you can see my labours) – Yes I even have cabbages! I couldn’t even keep a cactus alive in January (you will recall that I accidentally threw out my husband’s cactus thinking it was dead -apparently they are meant to look dry -who knew?!) But it seems I have a hidden talent for growing veg – oh and woodwork – I actually built a cold-frame greenhouse from pallets!

Well so much has happened since March (aside from vegetable growing) and I cannot wait to tell you more and of course to hear about what you have all been up to! I am 3 months down on some fantastic material for your leavers assembly next year so I am hoping you can give me plenty more to say (you know how I love to talk).

Talking of which, I have missed gushing about Elon Musk too – I wonder how many of you can guess what I want to talk about in our first tutor session back? I am joking (mostly), I really just want to tell you all how very proud I am of the enormous effort you have made with work, whether it was on paper or online or both. Equally importantly, I am proud of the fantastic way that you have all approached this pandemic and I am so proud to be your tutor. You have conducted yourselves wonderfully when you have been in school and I am glad to have seen most of you, even if only for a short time and to know that you are all well.

Of course, enjoy your summer – but please keep revising over the holidays too. The revision efforts you put in now will help you so much in the year to come and I know that you will all achieve so much. Year 11?! How did that happen? You have given me so many reasons to be proud of over the past 4 years and I know that this coming year will be no different, if not better.

Finally, I am so sad that we wont be in school for our usual summer tutor party. But, I will be available on our tutor group Teams on Monday at 5:00pm for an online Tutor group farewell if you would all like to chat there. Video will be disabled but it would be great to hear your voices. Open your invites and get on there. If you can’t make it then please have a lovely summer and I can’t wait to see you in September. Stay Safe!’

## Year 7 Geography Coastal Models

Models by Georgia W, Henry H & Sophie M! Well done to you all!

**Mr Crowe, Geography**

It has been brilliant to see the amazing models being produced by our Year 7 and 8 students in our school newsletter over the last couple of weeks! The use of different mediums has been ingenious! From paper and card to clay and even cake! Our students really took on the challenge and showed their artist skills as well as their Geography skills.

## Pizza Friday

Back by popular demand, Friday 10th July was Pizza Friday for our students of key workers in school. They made homemade pizzas! Mrs Fletcher, Mr Crowe and Mrs Gannon also got in on the action!

# Advice for pupils travelling by rail

Some pupils will need to use rail to get to and from school from September. As the government eases lockdown restrictions, train companies are doing all they can to keep passengers and staff safe. We are also asking passengers to adapt to a different way of travelling, and in particular, to take on these key messages.

## When planning your journey by train

Buy your ticket online and get it on your mobile or Key Smartcard

Check before you travel

Travel during off-peak hours if you can

Allow extra time to make your journey by train

## During your journey

Carry hand sanitiser and wash your hands before and after travelling

Face coverings should be used whilst using our services and at stations

Please keep your distance

Go online to book tickets and use contactless payments wherever possible

From 15 June, the Government has asked all public transport operators to make wearing a face covering a requirement of using public transport. This is to coincide with the next stage of carefully easing restrictions.

For the latest travel advice visit [nationalrail.co.uk/coronavirus](https://nationalrail.co.uk/coronavirus)

## Plan Ahead

- Check before you travel
- Buy tickets online, use contactless payment
- Travel at quieter times if you can

## Consider others and stay safe

- If you are 11 and over you need to wear a face covering (unless you are exempt).  
The government website has more details -  
[www.gov.uk/guidance/coronavirus-covid-19-safer-travel-guidance-for-passengers](https://www.gov.uk/guidance/coronavirus-covid-19-safer-travel-guidance-for-passengers)
- Keep your distance
- Wash your hands before and after travelling and carry hand sanitiser
