2.1 This policy applies to Warblington School governing body, all teaching and other staff, whether employed by the County Council or employed directly by Warblington School, external contractors providing services on behalf of Warblington School or County Council, teachers trainees and other trainees, volunteers and other individuals who work for or provide services on behalf of Warblington School. These individuals are collectively referred to in this policy as staff or staff members.

2.2 This policy applies in respect of all ICT resources and equipment within the school and resources that have been made available to staff for working at home. ICT resources and equipment includes computer resources, use of school internet access, and email systems, software (including use of software such as SAP and SIMS), School telephones and texting systems, Cameras and recording equipment intranet and virtual learning environment and any other electronic or communication device used in the course of employee or volunteer's work

2.3 This policy also provides advice to members of staff and volunteers in respect of the potential risks and consequences in relation to inappropriate use of their own personal ICT facilities, where this use is inconsistent with the expectations of staff working with children and young people.

## 3.0 Access

3.1 Warblington School staff will be provided with a log on where they are entitled to use the school ICT facilities and advised what hardware and software they are permitted to access, including access to the internet and email. Unless indicated, staff can use any facilities available subject to the facilities not being in use by pupils or other colleagues. Access is provided to enable staff to both perform their role and to enable the wider staff in the school to benefit from such facilities.

3.2 Where staff have been provided with a school email address to enable them to perform their role effectively, it would not normally be used to communicate with parents and pupils unless express permission has been provided. Where staff are able to access email outside of schools hours, the email facility should not routinely be used to undertake school business outside of normal office hours.

3.3 Access to certain software packages and systems (e.g. HCC intranet; SAP (HR, finance and procurement system), Classcharts SIMS, RAISE Online, FFT, SISRA, School texting services) will be restricted to nominated staff and unless permission and access has been provided, staff must not access these systems.

3.4 Some staff may be provided with laptops and other equipment for the performance of their role. Where provided, staff must ensure that their school laptop/other equipment is not accessible by others when in use at home and that it is not used inappropriately by themselves or others, **No student access at any time**. Staff must also ensure that they bring their laptop/equipment in as required for updating of software, licenses and virus protection.

- 3.5 Where Warblington School provides digital cameras and other recording equipment for educational and school business use and it is used away from the school site, it must be kept secure and safe. Where pictures of pupils are taken, staff must ensure that consent has been provided by parents and that the school's policy in relation to use of pictures, is followed.
- 3.6 If Warblington does not provide school mobile phones, staff may use, in urgent or emergency situations during off site visits, their personal mobile telephones/ Where use in these emergency situations and a cost incurred, the school will provide reimbursement of the cost of any calls made. Should staff need to make contact whilst off site, this should normally be undertaken via the school rather than a direct call from the individual's person mobile. School staff who have access to colleague's personal contact details must ensure that they are kept confidential.
- 3.7 No mobile telephones or similar devices, even those with hands free facilities should be used whilst driving on school business. No mobile phones or similar devices should be used to send/receive messages during directed time,
- 3.8 Whether school staff have access to the school telephone system for personal use will be confirmed by the school. Where such use is made of this facility, it must be done during break periods, must not be excessive and the school should require payment for the cost of the call or a donation to be made towards the cost of the call.
- 3.9 Warblington School will ensure that display screen equipment assessments are undertaken in accordance with its Health and Safety Policy. **All staff should complete online training.**

#### 4.0 Communication with Parents, Pupils and Governors

- 4.1 Warblington School communicates with Parents and Governors through a variety of mechanisms. Warblington School must indicate to staff if any other staff is permitted to make contact using the systems below: -
- 4.2 **School Telephones** – All Teachers, Administrative Staff and staff who have been permitted through their roles in pupil welfare or a home/school link staff. Normally Teaching Assistants and other staff would need to seek approval from their Line Manager where they feel they need to make a telephone call to a parent.
- 4.3 **Text System** – Nominated members of staff. Where staff need to send a text, this is normally approved by a member of the Senior Leadership Team.
- 4.4 **Letters** – Normally all teachers may send letters home, but they are required to have these approved by the Year Leader/Head of Department and SLT, line managers before sending. Where Office Staff send letters home, these will normally require approval by the office.
- 4.5 **Email** – Warblington School email accounts are the usual method of communication with parents and where governors are linked in particular areas with members of staff, communication may take place via email.
- 4.6 **Visits home** – All home visits are normally subject to approval by the Senior Leadership Team and must follow the school's policy on home visits.

4.7 Under normal circumstances, school staff should not be using any of the methods outlined above to communicate directly with pupils. If a member of staff needs to contact a pupil direct via any of these methods, this must be approved by the Headteacher.

4.8 Where pupils are submitting work electronically to school staff, this must be undertaken using school systems such as Classcharts or school email and not via personal email.

## **5.0 Social Networking (Please note there is a separate Social Media policy in addition to this)**

5.1 Warblington Staff are advised to exercise extreme care in their personal use of social networking sites, giving consideration to their professional role working with children. Staff should make appropriate use of the security settings available through social networking sites and ensure that they keep them updated as the sites change their settings. Staff are advised that inappropriate communications that come to the attention of the school can lead to disciplinary action, including dismissal.

5.2 Staff should refer to the School Social Media Policy which contains detailed advice on the expectations of staff when using social media.

## Dos and Don'ts - Advice for Staff

Whilst the wide ranges of ICT systems and resources available to staff, both in school and outside of school, have irrefutable advantages, there are also potential risks that staff must be aware of. Ultimately if staff use ICT resources inappropriately, this may become a matter for a police or social care investigation and/or a disciplinary issue which could lead to their dismissal. Staff should also be aware that this extends to inappropriate use of ICT outside of school.
