Weekly Newsletter

Issue 239: Friday 11th December 2020

Message from The Editor, Miss Barker

Important Information

The level crossing at Warblington Station, just outside the school will be temporarily closed for a 24 hour period from Saturday 12th December at 6:00am to Sunday 13th December at 6:00am for essential rail works. Please make local friends and family aware so they know to make alternative travel plans for the area during this time.

A slight change to our Christmas celebrations as mentioned in last weeks newsletter. Thursday 17th December will be Christmas Jumper Day, non-uniform day with a £1.00 donation to charity. Christmas Dinner will also be served on this day at lunchtime. Friday 18th December is the last day of term and students will be dismissed in groups from 12:25pm onwards.

Key Dates for the Autumn Term: Week B

Thursday 17th December	Christmas Jumper Day & Christmas Dinner Day
Friday 18th December	Last Day of Term Students will be dismissed in groups from 12:25pm onwards

MP Visit

On Friday 4th December Alan Mak, our local MP, visited the school to present us with a new flag for our flag pole. He was greeted by our Chair of Governors, Ian Crabtree and a group of our Year 11 students who were also able to discuss with Alan Mak how they are getting on at school with the pressures of exams and the effects of lockdown. A huge thank you to Alan Mak for taking the time to visit our school.

Year 11 Junior Sports Leaders

This week Kiera D, Charlie C, Arun A and Aidan L successfully passed their Junior Sports Leadership Award this week!.

All of our Year 11 Junior Sports Leaders have now successfully passed their Junior Sports Leadership Award with Pompey in the Community! They are looking forward to supporting the local community in the Easter Holidays. Once again congratulations to the students above and Molly W, Rhiannon G and Tai N!

Mrs Griffin, PE

Sports Council Sport & Exercise

The PE Department present... **Zara A Year 10**

Zara is completing her second year as a Sports Council member and is currently completing her Sports Leadership Award. Zara has been a fantastic performer in the PE department; representing the school in Netball, Rounders, Football and Athletics. She has always been very helpful to the PE department, displaying a fantastic positive attitude! Outside of school, Zara currently plays for Havant and Waterlooville FC. It is great to see that Zara has taken up a sport which she started to enjoy in school!

Christmas Hampers

A huge well done to our Inclusion Team for all their hard work with the Christmas hampers for families in our local community. This picture is just a few of the hampers that have been received this week! Thank you for your kind donations!

Year 7 Science

Year 7 have been learning about static electricity in Science. They learnt that like charges repel each other, so when we attached Mrs Crockford to our Van De-Graff generator, it made her hair stand up because each strand has the same charge.

Mrs Raistrick, Science

PE Star of the Week

Megan R Year 9 - Megan has been fantastic this year within PE. She has grown in confidence and this has contributed to excellent development of her skills across a range of sports. Megan is always positive in lessons with her own success as well as that of her peers also. Keep up this excellent attitude to learning!

Keeping Warm During PE

The weather is turning colder and PE lessons will still be taking place outside so the PE Department would like to remind you that students can wear the Warblington PE hoodie or rugby shirt during their PE lessons to keep themselves warm (Warblington branded hoodies only). Students can also wear a black long sleeve top under their PE top as well as hats and gloves.

Hazelnut Tree

Hazel is one of the most useful trees for its bendy stems and as a conservation saviour. And its nuts are loved by people, squirrels and hazel dormice.

Quick Facts

Common Names: Hazel

Scientific Name: *Corylus avellana*

Family: Betulaceae

Origin: Native

Recognising a Hazelnut Tree

Hazel is often coppiced, but when left to grow, trees can reach a height of 12m and live for up to 80 years (if coppiced, hazel can live for several hundred years). It has a smooth, grey-brown, bark, which peels with age, and bendy, hairy stems. Leaf buds are oval, blunt and hairy

Look out for leaves which are soft to the touch as a result of the downy hairs on the underside.

Identified in winter by its nuts, which are each held in a short, leafy husk which encloses about three quarters of the nut. Small, green catkins can be present in autumn.

Flowers of the Hazelnut Tree

Hazel is monoecious, meaning that both male and female flowers are found on the same tree, although hazel flowers must be pollinated by pollen from other hazel trees. The yellow male catkins appear before the leaves and hang in clusters from mid-February. Female flowers are tiny and bud-like with red styles.
