# Weekly Newsletter

Issue 249: Friday 12th March 2021

## Message from The Editor, Miss Barker

Welcome back everyone! It has been great to see everyone back in school this week, both staff and students. The school just isn't the same without you all!

A huge well done to all of our students for how mature they have been with the Covid testing process. As one of the testing processors and on behalf of the team, I can say how proud we are of them. Thank you for your support as parents/carers. Hopefully soon this will be a thing of the past and we will look back at what we had to do to make sure we could safely work and learn.

## Congratulations Irina U Year 8!

Her artwork has been selected to feature in Havant Climate Alliance's No Mow May campaign posters! Well done Irina, we are very proud of you and your achievement. Such a positive picture that highlights what we are trying to achieve here at school and across the UK. We will keep an eye out for your posters in our community. Are you taking part in Now Mow May?

## Race to Tokyo House Challenge

Send your miles to Mr Chaplin via [g.chaplin@warblingtonschool.co.uk](mailto:g.chaplin@warblingtonschool.co.uk)

Back to school but you can still clock up those miles! Walking, running, cycling...

short or long distances... every mile counts... get recording! Help your House to succeed!

## Warblington Environmental Society

Martin Hampton is a wildlife gardener and recently came to Warblington School to offer advice on our wildlife areas and the work we are doing for the environment.

The owner of one of the gardens that he works in along the north east boundary of the school in the 'Avenues' has kindly agreed to help the school with our project in the form of donations.

She has kindly offered to donate her raspberries to the school. Her canes are perfect for our Art and Sensory Garden as they are established and healthy, perfect to fruit ready to harvest in the summer.

She was very impressed with the work we have been doing at school and as a result she is going to sponsor a fruit tree in our orchard. Thank you for your support!

### Mrs Rason, Science

A huge well done to Mrs Rason and all of the staff and students that have been working to make the school an ECO School and helping our local environment.

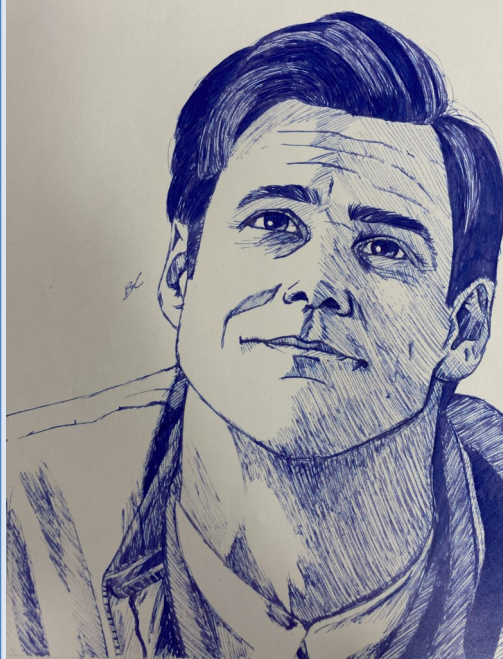

Here is an example of one the trees available to sponsor in our orchard. If you would like to get involved, please email [admin@warblingtonschool.co.uk](mailto:admin@warblingtonschool.co.uk).

## PE Star of the Week

**Joshua A Year 9** - Josh is very organised with his kit and always tries his best. Josh is always helpful in PE lessons and continues to display an excellent attitude in all of the units of work delivered.

## School Log Book

Mrs Rason has been delving into the history of the school over the last few weeks and has been writing articles for this newsletter. She has shown us what the first few days at Warblington School was like when it first opened and how it developed through its first year. And what a first year it was!

Mrs Rason has been using a log book to aid her as she finds out these interesting facts about the school and the log book can be seen here which is leather bound and full of history.

## Warblington School: The First Year Continued 1955 - 1956

**September 1955** - When the school opened, there were many decisions to be made. The staff meeting in September agreed on a House system and selected 32 students to become Prefects.

**March 1956** - Music and Drama performances were a hallmark of the school from the start. A special staff group was established and the school had two plays entered for the South East Hants Drama Festival in March. Regular Musical recitals by students and local ensembles performed the works of Mozart, Schumann and Greig. The Hampshire Rural Music String Festival was hosted by Warblington School for more than 50 students from various schools.

**April 1956** - The staff spent the Easter holidays working on the school garden, the Science Department and the school field.

**May 1956** - Uniforms were very expensive and not worn in primary schools. Discussion about the uniform went on throughout the year and finally, in May, the eagerly anticipated school blazers arrived to be sold in school. The Art club also started in May.

**June 1956** - Visits during the year included:

30 students going to Chichester to see a production of Treasure Island.

55 students going to the Empire Theatre in Portsmouth to see a production of Bizet's Carmen by the Portsmouth Operatic Society.

70 Year 8 students visiting the World Church Exhibition.

Year 7 trip to London Zoo in June.

24 students went to Paris for a week during the Easter holidays.

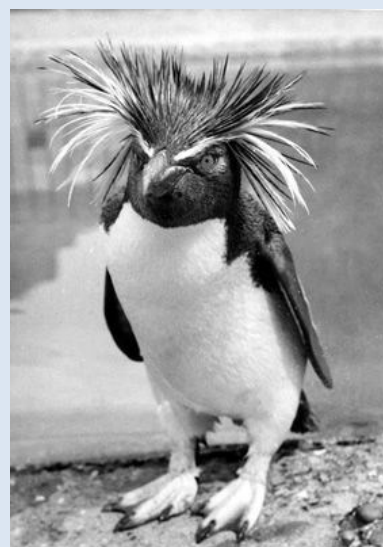

63 female students went to Wembley to see the England Vs. Holland hockey match.

There were also trips for netball matches, swimming, athletics and other sports.

**July 1956** - The Prefects chose the name for the school magazine. It was called ALCLAD, the name of the material from which the school is made. ALCLAD is made of high purity aluminium bonded to a high strength aluminium alloy core, making it highly resistant to corrosion and extremely durable. A suitable metaphor for the school community. On the 27<sup>th</sup> July, the last day of term, ALCLAD, written and edited exclusively by the students of Warblington School released their first edition of the newsletter.

As a measure of the successful start, the HMI (the Ofsted of the time) were highly complementary of the school's progress on their termly visits.
