As part of the governing body team, a governor is expected to:

 - the principles to be used by school leaders to set other school policies
2. Hold the senior leaders to account by monitoring the school's performance. This includes:
 - agreeing the outcomes from the school's self-evaluation and ensuring they are used to inform the priorities in the school development plan
 - considering all relevant data and feedback provided on request by school leaders and external sources on all aspects of school performance
 - asking challenging questions of school leaders
 - ensuring senior leaders have arranged for the required audits to be carried out and receiving the results of those audits
 - ensuring senior leaders have developed the required policies and procedures and the school is operating effectively according to those policies
 - acting as a link governor on a specific issue, making relevant enquiries of the relevant staff, and reporting to the governing body on the progress on the relevant school priority
 - listening to and reporting to the school's stakeholders: pupils, parents, staff, and the wider community, including local employers
3. Ensure the school staff have the resources and support they require to do their jobs well and that the way in which those resources are used has impact.
4. When required, serve on panels of governors for example: to appoint the Headteacher and other senior leaders; appraise the headteacher; agree pay recommendations or hear appeals.
