Issue 256: Friday 14th May 2021

Message from The Editor, Miss Barker

Jake T Year 10 is going to complete the 3 Peaks Challenge in the Summer to raise money for Motor Neurone Disease, a charity close to the families hearts. Jake and a couple members of the family are planning to complete the challenge over a long weekend, completing a peak per day, starting with Ben Nevis in Scotland, Scarfell Pike in the Lake District and finishing with Snowdon in Wales. This is a huge undertaking but will be a fantastic experience for everyone involved and a great way to raise money for this worthy cause. The money they raise will go to help fund research into the disease and treatment of those affected, hopefully one day helping to find a cure. If you would like to donate towards the challenge please visit their [Just Giving](#) page. We are proud of Jake and his determination to complete this challenge and all of the training he has completed so far for it. We wish them the best of luck!

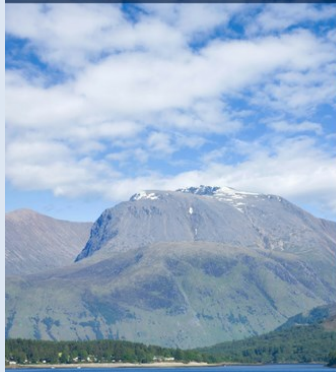

Key Dates for the Summer Term: Week A

Monday 31st May -
Friday 4th June

Half Term Holiday

Ben Nevis

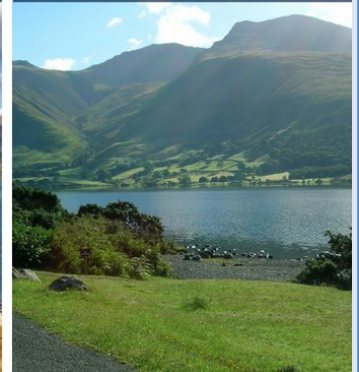

Height: 4413 ft.
Trekking Distance: 9 Miles

Scafell Pike

Height: 3209 ft.
Trekking Distance: 6 Miles

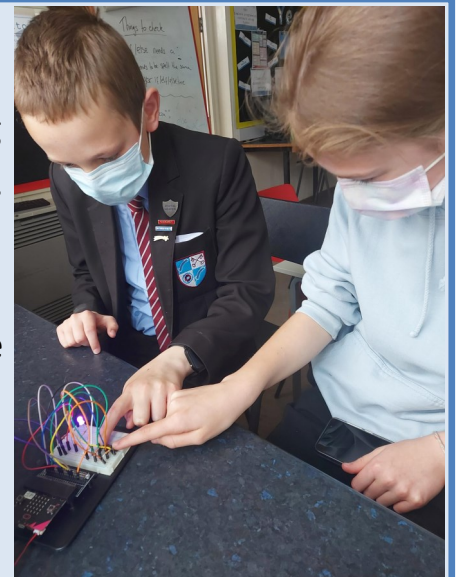

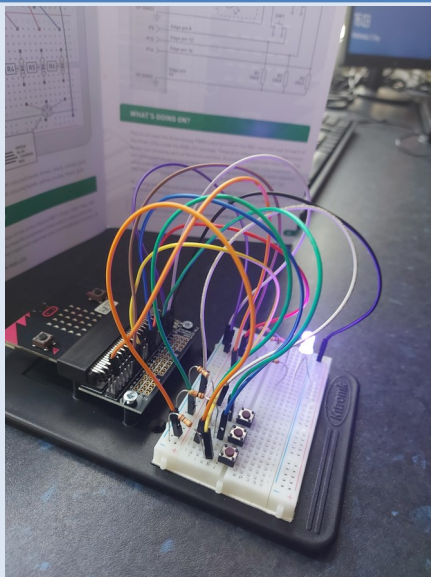

Snowdon

Height: 3560 ft.
Trekking Distance: 7 Miles

Digital Leaders

The Digital Leaders have been working on physical computing and electronics. Matthew J Year 9 and Sophie J Year 7 were able to make a circuit and then program it with a microbit to make the LED change colour at a push of a button. Fantastic work! Well done to you both! **Mr Godfrey, ICT/Computing**

Student Sporting Achievements

Congratulations to Louis B Year 11 who has made the finals of the Men's British Tennis Tour in Nottingham last week! He has been training hard at the National Tennis centre ready for the final this week in Woking.

We wish Louis the best of luck!

Katie H in Year 7 who is a show jumper! We look forward to hearing more about your achievements in the sport.

Sponsorship Packages @ Warblington School

A fantastic opportunity has arisen for local businesses and families to get involved in our Community school through a new sponsorship scheme we are putting together. There are two areas of Sponsorship.

House Sponsorship

This is a new incentive within the school to develop and grow respect and responsibility along with team building and leadership skills of our students.

Our House names, **Mitchell**, **Norris**, **Paxton** and **Stowe** are all based on prominent local World War I heroes.

School Transition Sponsorship

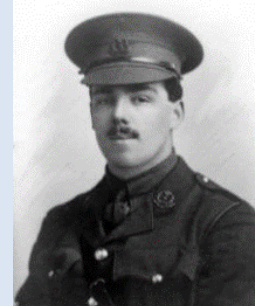

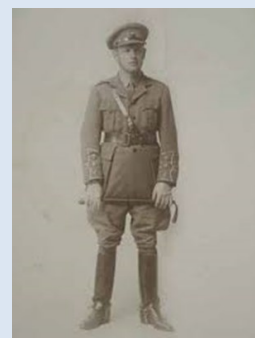

This involves sponsorship of our transition water bottles which will be handed out to prospective students in our feeder schools when we visit.

If you would like to get involved in any of these projects or have an interest in our WWI Hero's please contact

Hilary Parry H.Parry@warblingtonschool.co.uk

for a prospectus and let's unite our community in something great.

Thank you in advance for your support!

Year 11 Practical Food Preparation & Nutrition Exams

A huge thank you and well done to the 36 Year 11 students who completed their practical exams last week! You did an amazing job and I am every proud of you all! Unfortunately I can't share photos of their work at this stage until their final grades have been awarded but I hope you were impressed with the creations they brought home. Having time in the kitchen with them all has been fantastic and they have not lost their cooking or clearing up skills!

Over the next two weeks the Year 9 Catering group are making Calzones and the Year 8 students are making their own pasta sauces. Please check Classcharts for recipes and ingredient lists.

Mrs Wilkins, Catering

gcsepod

education on demand

GCSE Pod Webinar with Cameron Parker

Join renowned, world-class, youth coach and speaker, Cameron Parker!

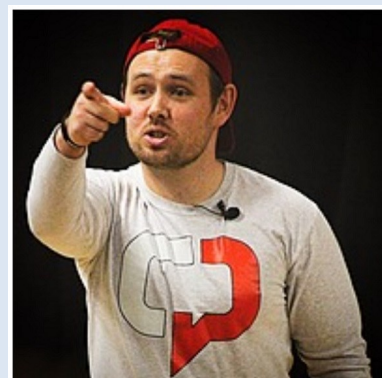

Cameron's mission is to lead the younger generation to success and he has spoken on stages both big and small across the UK and Europe educating and inspiring thousands of young people to level up their lives and upgrade their mindsets.

In this webinar you'll learn:

- 1) Ditching Digital Distractions
- 2) Turn FOMO to JOMO!
- 3) Pomodoro is Italian for tomato, but what is the technique?
- 4) Staying focused

Tuesday 18th May 2021 6:00pm

Race to Tokyo House Challenge

Thank you for all of your entries this week! Two of our Houses are now over half way to Tokyo! If you're getting out and about over the weekend, don't forget to record and send your miles to Mr Chaplin via g.chaplin@warblingtonschool.co.uk!

Walking, running, cycling... short or long distances... every mile counts... keep recording!

The Race to Tokyo Leader Board

House	Mitchell	Norris	Paxton	Stowe
Miles Completed	2102.5	3462.3	3270.1	943.4

Professional Visitor to Warblington School

Are you visiting our school in a professional or business capacity? Possibly as an engineer, social worker, speaker coming to work with our staff or students?

Then please make sure you complete a COVID lateral flow test before arriving and ensure you have proof of your negative test

(text or email). This will save time as you won't need to complete one on site when you arrive. Lateral flow tests can be easily picked up from your local pharmacy. Thank you!

For Sale

Warblington school have a set of Senior Football Goals that need to go to a good home!

Portable Aluminium Football Goal Posts and Nets - POA

Senior size goals 24' x 8' (7.23m x 2.44m) suitable for youth/adult (U15 +) use. Manufactured from reinforced aluminium, international net supports and horizontal crossbar braces. The welded crossbar/upright corner joints provide added strength and aesthetic appearance. The goals come complete with synthetic net hooks and net, stainless steel bolts and two wheels and weighted roller at that the back to make moving easier.

If you or anyone you know are interested please contact Hilary Parry as soon as possible on H.Parry@warblingtonschool.co.uk or via Reception.

A fantastic opportunity for a local football club!

See photo below – similar to this but with two wheels.

Eedi

Maths Homework Reminder

All students in Years 7-10 should be completing their

Homework on Eedi. These are automatically set either weekly or twice a week on the website Eedi.com. There is now also an app available from the App Store/Google Play Store. If your child has forgotten their login details, please ask them to contact their class teacher via ClassCharts.

Miss Horne, Head of Maths

Guided Reading in Maths

Students across Years 7-10 have been using guided reading tasks once per half term to look at Maths in the real world.

Below is an example of a Year 7 task called 'Chimpmathzee'.

Miss Horne, Head of Maths

5 Select a word from the text that means 'consecutive'.

6 What was the next step for the chimpanzee after they had learnt to order numbers?

7 Choose two verbs in the text and find a synonym you could replace them with.

CHIMPMATHZEE?

1 What is a primate?

2 What does "global icon" mean?

3 Which animals are our closest relative?

4 What motivated the animals in the passage to take part in the experiments?

Did you know that counting may be a common skill in the animal kingdom?

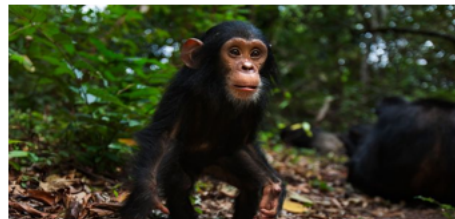

There is evidence that counting is also innate in primates, especially Chimpanzees who are our closest relatives, and some of them are truly excellent at it.

Tetsuro Matsuzawa of Kyoto University in Japan has been studying primates for almost four decades. He is most well-known for his work with Ai, a 39-year-old female chimpanzee. In the 1980s, Ai became the first animal to count using Arabic numerals: she understood symbols like "1" and "2". She learned to look at a display of dots on a computer screen, and tap on the numeric symbol for the number of dots shown.

To do so, Ai had to understand that the symbols have a value, for instance that "5" represents five physical apples. She also had to know that numbers are sequential and that each number has a place within a number line.

Chimpanzees can also go a step beyond counting. They can perform basic maths, if there is chocolate in it for them. In 1987, researchers presented chimps with two pairs of bowls, each containing a certain amount of chocolate. To receive the sweet reward, the chimps had to count and sum the chocolate in two bowls, compare it with the sum of another two bowls, and correctly judge which was larger. They got it right 90% of the time!

"The achievement made her a national hero in Japan and a global icon for her species," wrote **Alex Bellos** in his book *Alex's Adventures in Numberland*.

Did someone say chocolate?

8 Do you think we should be teaching animals tricks? Do you think animals can use counting?

This Weeks Top 10 Students for Pride Points

Well done to all of our students for their hard work this week!

Year 7	Year 8	Year 9	Year 10	Year 11
Adrian D	Rose E	Bradley G	Millie S	Sydney S
Taylor H	Francesca H	Robert G	Lochlan L	Scott M

Food Bank Donations

There is a collection box in Reception for The Beacon Food Bank. If you are able to offer your support, please bring items into Reception or ask your child to drop them off to help those in need in our community. Donation examples:

Coffee - Tea - Sugar - Rice - Pasta - Pasta Sauce - Tinned Meals - Tinned Fruit/Veg - Soup - Jam - Puddings - Squash - Cereal - Tuna - Biscuits
Long Life Milk - Custard - Cooking Sauces

Mrs Copeman, Home/School Support

Milk Bottle Top Collection

We are collecting milk bottle tops for the Solent MS Therapy Centre! Please collect and bring your bottle tops into Reception.

Plastic milk bottle tops only.
Thank you for your support!

Help for those living with Multiple Sclerosis

LifeLab Medicine Summer School 2021

LifeLab would like to invite school and college students currently in Years 9, 10, 11, 12 and 13 who are interested in finding out more about becoming a doctor to attend our free Virtual Summer School on 26 - 27 July 2021. Participants will spend two days gaining experience of what it is like to train and work as a doctor.

During your time with LifeLab you will have the chance to:

- Find out more about clinical skills such as suturing, through online demonstrations
- Talk to current medical students about training as a doctor and find out how the application process works
- Complete a medically inspired online escape room
- Complete online anatomy and pathology workshops
- Speak with a variety of health professionals via speed networking
- Listen to our keynote speaker talking about life in medicine
- Take part in an online trauma scenario
- Learn more about online work experience options

[Click here](#) to register.

Once registered more information about how to attend the event will be sent.

Southampton University - Sustainable Living Webinar

Discover research within the Faculty of Engineering and Physical Sciences

You are invited to join us on Thursday 17th June from 4:00pm - 6:30pm for an online webinar that explores the current sustainability research within subjects in the Faculty of Engineering and Physical Sciences.

This event will be hosted by Professor Susan Gourvenec – Royal Academy of Engineering Chair in Emerging Technologies and Professor of Offshore Geotechnical Engineering.

There will be a series of interesting talks from:

4:05pm - 4:25pm Professor David Read within the School of Chemistry – Chemistry: Solving the World's Problems.

4:25pm - 4:45pm Dr Nuno Bimbo within Chemical Engineering – Porous Materials for Energy Applications.

4:45pm - 5:05pm Dr Lindsay-Marie Armstrong within Mechanical engineering – Clean Carbon University Strategic Research Group.

5:10pm - 5:30pm Dr Stephanie Gauthier within Civil Engineering – My house My air: Where is there most air pollution in my house?

5:30pm - 5:50pm Dr Luke Myers within Marine Energy and Micro-renewables – Tidal marine energy: a new and emerging technology.

5:50pm - 6:10pm Dr Sebastian Stein within the School of Electronics and Computer Science – The sustainable recycling of wearable electronics.

Each of these talks will be followed by a brief Q&A session with the speakers.

The Careers and Apprenticeship Show

Register now at: www.CAS2021.vfairs.com

Online Event

20th
May 2021

Join us from your classroom or home to support your year 10-13 pupils/students to learn about careers, apprenticeships and training opportunities.

- Attend talks from inspiring employers in real time.
- Navigate the virtual platform to explore career options.
- Talk to employers electronically through their booth displays.
- Parents/carers can explore the event in the evening with their young people.

Free to attend and designed to inspire young people to think about their options after school/college. It will help you achieve two-way interaction with employers during the coronavirus pandemic.

Schools/colleges, young people and parents can register now!
