Weekly Newsletter

Issue 306: Friday 30th September 2022

Message from The Editor, Miss Barker

This week we had our first school trip of the year, Year 11 Brighton Photography trip and I had the pleasure of accompanying the group. We couldn't have asked for a better day weather wise, especially as the students took photos all day of the buildings and structures in Brighton for their coursework.

We travelled to Brighton by train and walked straight down to the beach, taking a variety of photos of the buildings on our way there.

Students were amazed by the variety of buildings from historic to modern that make up the area and this will heavily support their examined coursework when they get back to the classroom.

We stopped on the beach by the i360 and the

Upside Down House so students could take photos of these iconic Brighton attractions as well as the surrounding buildings like the Grand Hotel and the old West Pier which burnt down 19 years ago however parts are still visible.

Key Dates for the Autumn Term: Week A

Friday 21st October

Last Day before

Half Term Holiday

We then walked along the beach admiring the shops hidden in The Arches under the pavement and stopped to take photos of the sculpture 'Afloat', a doughnut shaped sculpture situated on the end of a groyne (sea defence). For lunch, students enjoyed their free time on Brighton Palace Pier which did prove difficult with some pesky seagulls.

Year 11 Photography Trip Continued...

After lunch, we studied the pier from various angles before moving onto the Royal Pavilion. This is a gorgeous building that was once residence to royalty. The outside structure was influenced by Indian design and is surrounded by peaceful gardens.

Before we knew it, it was time to head back to the station via The Lanes and catch our train back to school. Everyone thoroughly enjoyed the trip and gathered lots of photos which will now be edited in class and will feature in this newsletter at a later date.

A huge thank you to Mrs Phillips for organising the trip, to Mr Knight for accompanying us and to all the students for their behaviour and maturity and making the day out such a success.

Electrical Item Collection

This month we are working with Southern Electrical Recycling to reduce the amount of electrical items going to landfill.

Please bring any small broken or unused electrical items to Reception by Friday 7th October where, Southern Electrical Recycling, a local company will collect them and ensure they do not go into landfill. All of the items will be broken down and the useful materials will be extracted and recycled. For our school collection, they are looking for small items including kettles, toasters, hand held mixers, electric toothbrushes, hairdryers, mobile phones, games consoles etc. Anything that can be carried.

For larger items, please visit their website:

<https://southernelectricalrecycling.co.uk/>

Ask your friends and family if they have any items to contribute. Together we can make a difference!

Thank you!

Warblington School Borrowed the Moon!

This week has been a very exciting week for the school as the Science Department Borrowed the Moon for the very first time! Mrs Raistrick found out about the scheme and applied for the moon to come to Warblington and just in time for Open Evening too.

Staff and students have been amazed throughout the week with space themed lessons focused on the luna samples on loan to us and prospective students and their parents had an out of this world adventure when they visited the Science Department on Open Evening.

We are very lucky as a school to have been granted the chance to borrow the meteorites and samples direct from the moon's surface which many people will have never seen up close before.

Above you can see some of meteorite samples. On the right is glass which was formed when a meteorite hit the earth and landed on sand, melting it into glass. As well as the samples, the kit was full of resources, instruments and maps allowing you to really get hands on and study these samples. The map of the moon allowed you to see where Apollo 11 landed next to the Sea of Tranquillity as well as other landmarks.

Warblington School Borrowed the Moon!

A huge well done and thank you to Mrs Raistrick for bringing this experience to the school and offering a variety of opportunities for people to view the samples including out of school hours and making the most of the time we had with the moon. Her enthusiasm and dedication was evident throughout the week as she educated everyone and protected these priceless samples.

KS4 Maths Star of the Week

Ledley H Year 11

For showing great attitude to learning and resilience in Maths. Well done!

Mrs Durrant-Francis, Head of KS4 Maths

Computing Weekly Shout Out!

The Computing Department would like to give a massive shout out to following students:

Year 7: George M **Year 8:** Nolan B **Year 9:** Sophie H
Year 10: Roma J **Year 11:** Mac R-B

Well done and keep up the hard work and effort in Computing!

Mr Chate, Computing

eSports Club Weekly Round Up

Well done to everyone to attended eSports Club this week for your sportsmanship and dedication. This week's **Player of the Week** is...

Bertie C Year 7

eSports Cup League Table

Every week counts towards the cup!

1st = 4 points

2nd = 3 points

3rd = 2 points

4th = 1 point

Mr Chate, Computing

School Building Progress

Phase 1 of the building project is now complete, with the main school building now encased in scaffolding. Work will begin on the classrooms on the top floor from Monday with the new windows arriving shortly.

PE Star of the Week

Jess S Year 9 - Jess has started the school year very well, engaging fully into the opening two units of work. In Netball, Jess has demonstrated good understanding of the rules and applied these within competitive situations. In Basketball, Jess has consistently had a positive attitude to learning and is showing positive progress as a result of this. Jess is a role model within the group with your maturity and politeness. Well done!

Pen Recycling

We collect pens to be recycled, please bring any pens for recycling to Reception or give them to your tutor.

All pens accepted: ball point pens, highlighters, whiteboard pens, permanent markers etc.

Help us to recycle and stop items needlessly going to landfill!

Thank you!

The Eco Committee

Milk Bottle Top Collection

We are collecting milk bottle tops for the Solent MS Therapy Centre! Please collect and bring your bottle tops into Reception.

Plastic milk bottle tops only.
Thank you for your support!
