- Select the 'Go Green' section to revise topics that you made mistakes on in your exams

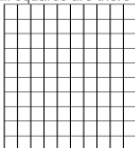

- This will select topics personalised to you and what you need to do to improve. Click on the side tabs for help, there are videos and notes to help you.

5. Click back on questions to return to something like this

Difficulty: 1★ 2★ 3★ 4★ 5★ 6★

How many small squares are there in this diagram?

Answer here

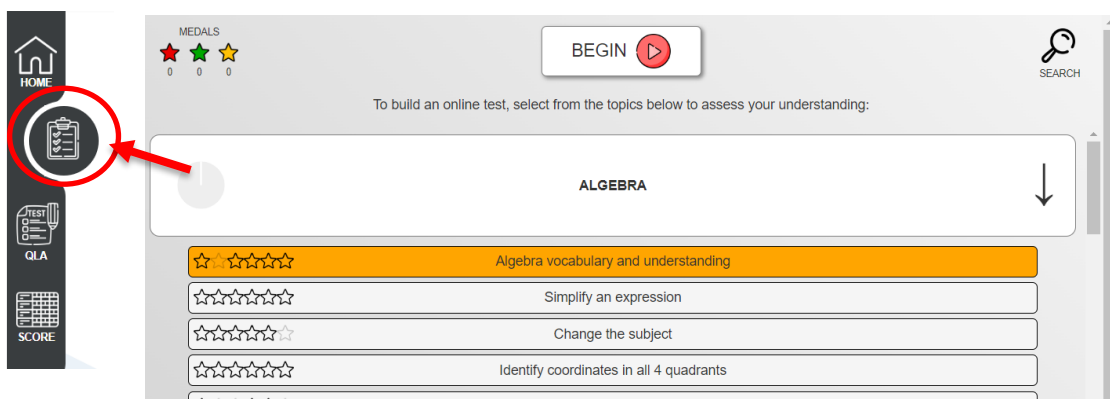

Use the keypad to enter your answer:

7	8	9	+	()	-	x	*	
4	5	6	=	<	>	÷	z	+	%
1	2	3	a	b	c	d	e	f	g
-	0	.	h	i	j	k	l	m	Delete

6. Write your answer in and press return. It will be marked and logged in your personal data. If you are not sure why you may have got it wrong – screen shot it and sent it to your teacher on classcharts to help.
7. To go to the next topic click the blue arrow in the right hand corner called next topic.
8. To end the test press that button on the top right corner
- You will receive a summary page for information
 - Your scores will be updated

Extension: Should you wish to revise something specific

- There is a Test section to generate questions on any topic you choose

Should you wish to complete some basic numeracy please use the Level Up section below. These are in the same set up as above with videos and notes to help. Once you have completed 13/15 correct you will 'Level Up' and higher level questions will be shown.
