2022 Activity Survey

Year 11 Leavers from Warblington School

Contents

Introduction

This booklet has been compiled by the Youth Analysis Service (YAS) for Hampshire schools and academies (referred to as establishments), and its data has been compiled from Hampshire's Client Caseload Information System (CCIS).

The booklet is based on the cohort of young people who were recorded as being academically aged Year 11 and in a Hampshire establishment on 31st May 2022, and information presented is a snapshot of that cohort as of 1st November 2022.

Topics covered are based on performance measures used by the Department for Education (DfE), and enable establishments to monitor their current performance, to plan future strategies and to identify potential issues before they arise.

Due to Raising the Participation Age (RPA) legislation 2014, young people are under a duty to participate in education or training until at least their 18th birthday, although in practice most young people continue until the end of the academic year in which they turn 18 (academic Year 13). This significant piece of education legislation has particular importance to vulnerable young people. Primary responsibility for providing independent and impartial careers guidance on participation options rests with establishments directly.

Note that information is withheld and replaced with '-' where less than 5 leavers are recorded.

Leavers moving to a Year 12 Other Situation

The situation category 'Other' is not broken down due to the small numbers of young people involved. The 'Other' category includes young people who are taking part in unpaid personal development opportunities that support them to enter EET, pregnancies, teenage parents, those whose illness prevents them from participating, unknowns, and young people moved out of area to an unknown activity.

The tables below show the actual numbers of young people in a situation categorised as 'Other' compared to the numbers in the cohort. Where fewer than five people are recorded the information is withheld and replaced with '-'.

The graphs below examine the Year 12 situation, grouped by RPA, Non RPA and Other, of leavers who had a positive September Guarantee, and those who had a negative or no September Guarantee.

The dark lines in the Postive September Guarantee graph indicates the percentage of leavers whose September Guarantee was realised.
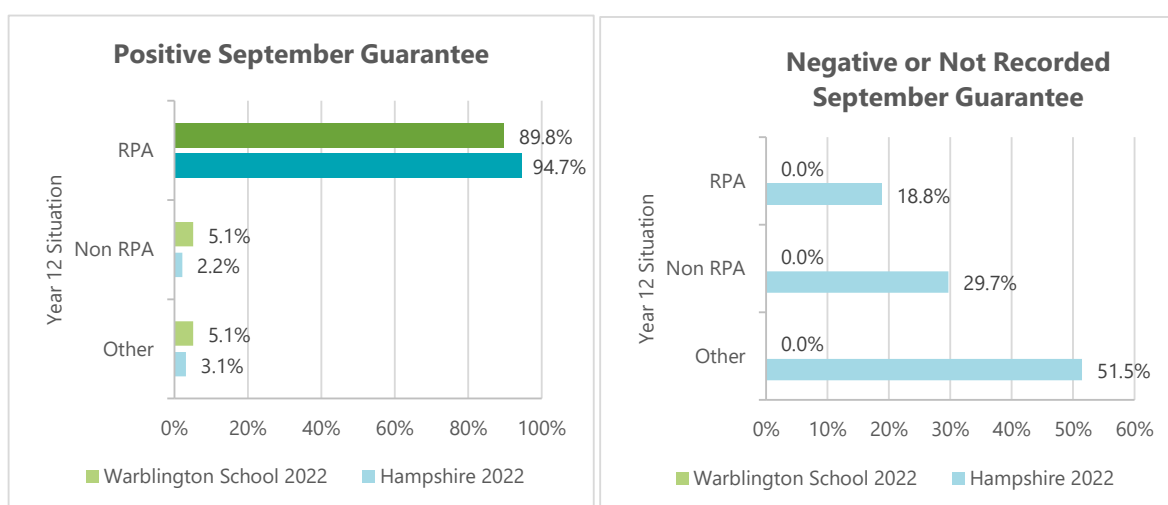

Of the Year 11 leavers from Warblington School who had a positive September Guarantee, 5.1% are now in a destination that does not meet the RPA requirements. This implies a low destination establishment retention rate or young people turning down offers.

The table below shows the number of leavers who had a positive or negative/not recorded September Guarantee, and their Year 12 situation category. Where fewer than five people are recorded the information is withheld and replaced with '-'.
