Good Luck

Savannah S Year 7 travelled to Holland on Thursday to play for the Pompey Women FC under 14s team and as captain of the team!

Good luck and have a brilliant time! We are really proud of you!

Year 8 Cricket Success

This week the Year 8 Cricket team took on local rivals Crookhorn College. After winning the toss, captain Roman elected to bowl first. Kaynin, Freddie and Daniel produced some excellent overs, ably supported by their teammates, restricting Crookhorn to just 31 runs. Special mention must go to Ryan who caught two superb balls at mid-wicket. When batting, there was some great hits

and strike rotation from Josh, Jack and Deniz which led us to a convincing win. It was really great to see so much team spirit on show.

Well done boys!

exam stress, from young people who have been

there

YOUNGMINDS

Stay realistic

It's something that anyone suffering with their mental health has heard at one time or another. At first, I definitely got the feeling that my teachers assumed this was a way for me to get out of doing my school work, which wasn't the case at all.

Don't feel guilty for resting

As hard as it can feel to do, letting go and relaxing is an important part of exam season. After all, having a clear and rejuvenated mind is important

YOUNGMINDS

Start with what you enjoy

If you're lacking motivation, start with the subjects you enjoy the most. It will help you find your rhythm and set you off to a good start.

Find a space that works for you

If you can, keep your bedroom and revision space separate. Then when you go to your room to relax and sleep, you wont associate it with anxiety and work.

YOUNGMINDS

Get enough sleep

It is really important to get enough sleep and stay in a regular pattern. It can be tempting to stay up past midnight to finish off that last section, but if you are to tired all day, your mental health might suffer and you'll find it hard to concentrate properly.

Remember, grades don't define you

You are unique and special for so many reasons other than the results you collect in the summer. Work hard, but only as hard as your mental health will let you comfortably.

NPT: FAKE Knife Awareness Information

Knife Information: Guidance relating to knife laws and pointed or bladed articles, offensive weapons and how to report those who carry them.

Laws about buying and carrying a knife depend on the type of knife, your age and circumstances; however, it is illegal to sell <u>any</u> kind of knife to someone under 18, including kitchen knives and cutlery.

Basic laws on knives

It is illegal to:

Sell a knife of any kind to anyone under 18 years old

Carry a knife in a public place without good reason

Carry, buy or sell any type of banned knife (see list below)

Use of any knife in a threatening way (even a legal knife, such as a pocket/Swiss army knife)

The maximum penalty for an adult just carrying a knife is 4 years in prison; causing harm to someone with a knife will certainly be dealt with more severe penalties.

Banned Knives (offensive weapons)

Balisongs or 'butterfly knives'
Belt buckle knives

Disguised knives Gravity knives Knuckle-duster knives

Push daggers

Switchblades, automatics or 'flick-knives',

Sword canes

Stealth Knives (Airport Knives): In 2004, law was introduced which restricts the sale of any knife which is not detectable by the normal methods of detection, i.e. x-ray or metal detection

Disguised Knives: Prohibited to buy any knife designed to look like something else, i.e. a knife which appears to be a pen (it doesn't matter whether the pen works or not, it's still prohibited).

Locking knives (any blade that locks when unfolded) <u>are not legal folding knives</u>: they are illegal to carry in public without good reason.

What is an Offensive Weapon? The meaning of offensive weapon comes in two categories:

- Those that are either made (e.g. knuckle-duster, dagger, gun) or adapted (e.g. broken bottle) for use for causing injury to the person
- Those that are not made or adapted (e.g. kitchen knife, spanner, hammer) but intended by the person to use it to cause injury to the person.

Where is a Public Place? A public place includes any highway and any other premises or place to which the public have or are permitted to have access to, whether on payment or otherwise.

What about pocket or Swiss army knives?

The Criminal Justice Act (1988) says that you may legally carry a knife with the following:

- It has a blade length of 3.0" or less
- Is capable of folding (i.e. Swiss army knife/pocket knife)
- It doesn't lock (no fixed blade knives)
- You have a genuine reason for having it (fishing, camping etc).

Although legal, if police feel you are carrying it intended as an offensive weapon, they can prosecute you.

NPT: FAKE Knife Awareness Information

Acts and legislation

The Offensive Weapons Act (1996): Provides guidelines about persons having knives, blades, sharply pointed or offensive weapons, and restricts the sales of knives and such articles to persons under the age of 16

The Restriction of Offensive Weapons Act (1959): Prevents the use, manufacture, importation and sale of flick knives and other dangerous weapons in the UK

The Criminal Justice Act (1988): The Act includes offences of having an article with a blade or point in a public place in the UK; also prohibits the sale of certain knives such as belt buckle knives, push daggers, and other "so called" martial arts weapons

The Knives Act (1997): Provides guidelines relating to criminal offences for possession or marketing of, and publications relating to, knives; includes powers on the police to stop and search people or vehicles for knives and other offensive weapons and to seize items found

Criminal Justice & Public Order Act (1994): Powers to stop and search for knives or offensive weapons (in anticipation of violence)

Prevention of Crime Act (1953): Prohibits the carrying of offensive weapons in public places without lawful authority or reasonable excuse

School Premises: S.139 Criminal Justice Act (1988) prohibits having any article with blade or point, or an offensive weapon, on school premises

Don't be a victim

If you feel you or others are in immediate danger from knife crime there are a number of steps you can take to protect yourself:

Move away from the situation, head towards a public place to seek help as quickly as possible.

Make as much noise as you can to draw attention

Instead of carrying a knife, carry a personal alarm

Don't fight back

Do you know someone who carries a knife?

REPORT A KING-II The knive
