# Weekly Newsletter

Issue 341: Friday 21st July 2023

## Message from The Editor, Miss Cantrill

We are at the end of another school year and what a year it has been! This is my last school newsletter as I will be passing over the reins to Miss Cantrill who has created this week's edition as I am leaving. It has been a pleasure to report all the amazing things we do here and work with such a brilliant team. Thank you and we hope you all have a wonderful summer holiday.

## Key Dates for the Autumn Term:

Thursday 24th August 23	Year 11 Exam results day 10am - 12pm
Friday 1st September 23	Inset Day, school closed to students
Monday 4th September 23	First day of the Autumn term
Wednesday 20th September 23	Tutor Parents Evening

## Meal prices from September

From September 2023, there will be price increases in the school canteen. Unfortunately, these are unavoidable. We have delayed raising prices until the end of the school year to reduce the impact on students and their parents/carers.

A meal will now cost £2.30 and a meal deal which includes a drink and dessert, will cost £3.00. Individual items will have a slight increase as well. We have tried our best to keep the changes to a minimum.

Thank you for your understanding,

Mr Hawkins, Catering Manager.

## Warblington Race for Life

Students from Year 8, Norris House held a doughnut sale after yesterday's Race For Life.

They raised a brilliant £46.50 which will go straight towards Cancer Research UK's Race for Life campaign.

Well done!

## S.T.E.M Day

Warblington's first S.T.E.M. day happened on Monday. The students learned about animal adaptations in every subject across the curriculum. It was wonderful to see such varied approaches to learning and students had lots of fun learning about unusual organisms such as Tardigrades. They took part in a wonderful range of activities to model different types of adaptation.

Thank you and well done to staff and students for embracing S.T.E.M. Day with such enthusiasm

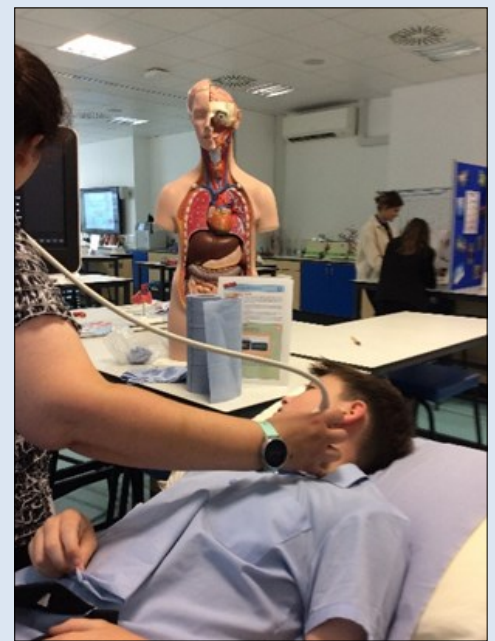

## Lifelab visit

Last Friday, 25 of our Year 8 S.T.E.M. students had an opportunity to visit Lifelab at Southampton General Hospital. Lifelab is a state of the art learning lab where students learn about healthy choices and risk factors associated with non-communicable diseases. They took part in a range of scientific experiments making use of the specialist equipment and team at Lifelab. These included looking at blood flow with ultrasound and using gel electrophoresis to compare genes.

The students had a wonderful day and we have a further three visits booked for Year 8 next year.

## Year 7 - 3D Bug homework

I am so proud of all the year 7 Art students homework project - to make a 3D bug out of any material.

There have been some really creative pieces.

Well done year 7!

Mrs Phillips, The Art Department.
