Let it Snow!

This week the Christmas elves have been busy behind the scenes creating magic, ready for our annual Christmas Fair next **Saturday (30th November)**. We hope you can come along and join in with the festivities, including games, gifts, refreshments and of course, the big red guy himself!

Don't forget, tickets for Warblington's Panto, Robin Hood go on sale on Monday from the Finance Office in Maths.

- **Family Ticket (2 adults, 2 children) - £15**
- **Adult Ticket - £5**
- **Child / Concessions Ticket - £3**

Year 10: Exploring Topology and Euler's Theory

On Tuesday 19th November, our Year 10 students embarked on an exciting educational trip to Portsmouth University, where they were immersed in advanced mathematical concepts. The day began with an engaging lecture on Topology which introduced students to the fascinating world of topological concepts and their real-world applications.

Following the lecture, students had the opportunity to participate in hands-on activities, using a variety of techniques to prove Euler's Theory. Euler's famous formula, which relates the number of vertices, edges, and faces of polyhedra, was explored through interactive exercises. Students applied logical reasoning and mathematical proofs to verify the theory, deepening their understanding of geometry and mathematical reasoning.

The trip provided a unique opportunity for students to engage with higher-level mathematics in a university setting, sparking curiosity and enthusiasm for the subject. It was an inspiring experience that gave students a glimpse into the world of mathematical research and its practical applications.

We would like to thank Portsmouth University for hosting us and providing such an enriching experience for our Year 10 students!

PE does Ice Hockey

On Sunday 17th November, the PE department took 13 students to Guildford Spectrum to watch Guildford Flames compete against Manchester Storm.

These students were either part of the sports council last year or supported the department consistently. We were fortunate enough to have front row seats to the thrilling game where Guildford Flames won 4-1!

The students represented the school impeccably well and some even joined in with the team chants! We look forward to taking students again next year!

Mrs Griffin

In The Spotlight: Sports Council

On a bitterly cold day, Warblington's Year 7 team faced off against Park Community. Despite the chill, Warblington got off to a flying start, with Ollie scoring a stunning header from a perfectly delivered pass by Reggie, putting Warblington ahead early.

The team didn't stop there. Tyler added to the tally with a brilliant solo effort, showcasing determination and skill to double the lead to 2-0. Warblington seemed in control and looked likely to cruise to victory.

However, Park Community had other plans. They quickly turned the tide, scoring two goals in rapid succession to level the match at 2-2. Despite Warblington's efforts to regain their early momentum, Park managed to find a decisive third goal, and the game ended 3-2 in their favour.

One of the most commendable moments of the match came during halftime, when the team showed great maturity and teamwork. Everyone contributed to the discussion, offering valuable insights and encouraging one another.

While the result didn't go Warblington's way, the team's effort, resilience, and camaraderie were clear to see. Better days are certainly ahead for this promising group. Man of the Match: Oliver GF

Year 7 Netball Fixtures

The Year 7 netball team competed well again this week!

Despite not being victorious in both fixtures, the team again scored and represented the school with fantastic team spirit. Robyn and Olivia were voted players of the match in each fixture. Erin was noted to have competed well and Sydney demonstrated excellent leadership to rotate positions and knowledge to support all within new roles.

Mrs Griffin

Thank you!

We would like to say a huge thank you to the following people for their continued support of Warblington School, we really do appreciate you.

Guy Rutherford - thank you for your kind donation of breakfast bars for all our Year 11's for their exams.

Jacqui and Tesco Havant for their kind donation for raffle items.

Wendy and Jewson for their kind donation of plumbing and ironmongery.

Jenny from Amazon for their kind donation.

Arbor

If you have not already done so, please can all parents and carers log into Arbor.

Arbor is a really useful tool in keeping communication open with our families. Arbor allows parents and carers to sign students up to trips, after school clubs, top up lunch accounts and purchase items like pencil cases and ties. Please contact reception if you need an Arbor registration email to be sent out to you.

Year 7 Unlocking Success

From Monday 9th December Mrs Griffin has organised a special trip to the cinema for all of Year 7. The dates for the different houses are listed below. Full details and permission access will be sent out next week, so please keep your eye on your Arbor account!

Monday 9th December - **Paxton Students & Tutors**

Tuesday 10th December - **Stowe Students & Tutors**

Wednesday 11th December - **Mitchell Students & Tutors**

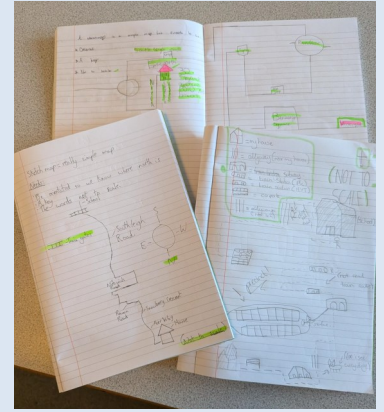

Thursday 12th December - **Norris Students & Tutors**

Geography Awareness Week

This week we have been celebrating Geography Awareness Week. Geography awareness week is an annual celebration of geography and the important role it plays in all our lives.

Year 7 Have been learning about their local area, orientation, direction and sketch mapping.

Their journey to school develops critical thinking, supports wellbeing and fosters belonging. If you share this with them please encourage them to put down their phones, observe their surroundings and discuss with them their location, place names, key features to help them with their Geography.

Christmas Fair

Dear All

On Saturday 30 November the school will be holding its annual Christmas Craft Fair with all profits going to the Year 11 Prom.

The students will be holding a bottle tombola and we are looking for donations of all types of bottles. They need to be in date and unopened and either in a plastic or glass bottle.

So if you have any shampoo, handwash, bottles of pop, bottles of wine, washing up liquid, hot chilli sauce! etc. that you would like to donate please leave them at school Reception.

We will also be holding a Christmas Raffle and if you or you know of anyone who would like to donate that would be greatly appreciated.

Finally – the week prior to the Fair we will be asking for donations of cakes for the Café which will be run by Kim and Year 11 students.

Many thanks for your support

10 Top Tips for Parents and Educators EDUCATING CHILDREN ON SPENDING AND SAVING

Evidence shows that children's spending habits begin to form as early as seven years old. With primary schools in England not required to teach financial literacy, many young people are reaching adulthood without knowing the basics of budgeting. This guide explains how to teach young people about money in a practical way, giving them the understanding to become savvy spenders and savers.

1 PROVIDE POCKET MONEY

Giving children money – even a small amount – can help them learn to make their own budgeting decisions about how to spend or save it. Research shows that youngsters who receive pocket money are more likely to become adults with strong financial skills and significantly less debt.

2 USE A PREPAID CARD

Being able to pay by card is essential these days, with some retailers not accepting cash since the pandemic. Prepaid debit cards are available for children from the age of six, allowing them to get used to spending like they will as adults with no risk of dipping into an overdraft. Learning about money is like learning to swim – you need to get in the pool and have a go!

3 PRACTISE BORROWING

Although official borrowing is only available to over 18s, kids need to understand how debt and interest works before they become adults and are exposed to credit cards or 'buy now, pay later' schemes. For a safe means of teaching them about this, parents could offer them extra pocket money but explain that it needs to be paid back by a certain date, plus an extra couple of pounds as interest.

4 ENCOURAGE OPEN CONVERSATION

Chatting about money and how much things cost will teach children that finance is a part of everyday life and not some "scary adult thing". Parents can involve them in budgeting for the weekly shop, for example, working together to get everything on the list while keeping the total below a certain number. Letting young ones make spending decisions in a safe space can build up their confidence regarding money.

5 DISCUSS THE PRESSURE TO SPEND

Whether it's YouTube ads or a hint of envy at a friend's recent purchase, spending triggers are everywhere. Encourage children to notice how clever shop design (like placing sweets at the checkout) and offers such as '2 for 1' deals entice us to spend more. Challenge them to resist impulse buys by getting them to sleep on it before deciding to spend.

6 TELLING 'NEED' FROM 'WANT'

Learning how to prioritise spending is an important life skill: the difference between life's essentials and "nice to haves" is key to budgeting. If children pester you for treats while shopping, it's the perfect time to say "That's a want. We're getting our needs first." You could show how you budget for food, electricity and so on before buying fun things.

7 ENCOURAGE SAVING

Getting children saving early can set them up with a useful habit for their adult life. Suggest that they set something aside every time they receive money and help them set a target for how much to put away, so they feel motivated to continue. For example, encouraging them to save for a friend's birthday gift can get children much more invested in what they buy.

8 SPARK INTEREST IN INTEREST

Motivate children by telling them about interest; you can describe it as a reward for saving money. Explain how everything they put away will grow over time. As an exciting example, explain that 1p doubled every day for a month would amount to approximately £10 million. Some prepaid cards for young people also offer interest; parents and carers could also add a little to supplement what their child saves and show how it works.

9 PAYING FOR CHORES

This is a complex debate with no right or wrong answer: it depends on what works for each individual family. However, it can be one of the best ways to teach children that money needs to be earned and helps to create more mindful spenders. If parents aren't keen on paying for everyday chores, they could ask the children to suggest their own ideas for earning a little extra.

10 PROTECT CHILDREN FROM SCAMS

Scams are a terrifyingly easy way to lose money, and children are generally more likely to be taken in due to a lack of experience with these financial criminals. As a minimum, make sure they're aware of the most common scams they could be exposed to – by text, email and phone, for instance. Young people should tell a trusted adult about any unexpected message or call and never give out their personal information.
